Winona Family YMCA Member Handbook

We are a community committed to strengthening bodies, minds, spirits, and communities. Since 1886, the Winona Family YMCA has been dedicated to building healthy, confident, connected and secure children, adults, families and communities. We are a non-profit deeply rooted in our community. Every day our impact is felt when an individual makes a healthy choice, when a mentor inspires a child and when a community comes together for the common good. At the heart of the YMCA lies the power to transform—both yourself and the world around you.

1. The Y Mission

To put Christian principles into practice through programs that build healthy spirit, mind, and body for all.

2. The Y Vision

To connect and engage people by enhancing lives and building community.

3. Areas of Focus

Youth Development: Nurturing the potential of every child and teen

We believe that all kids deserve the opportunity to discover who they are and what they can achieve. That's why, through the Y, millions of youth today are cultivating the values, skills and relationships that lead to positive behaviors, better health and educational achievement.

Healthy Living: Improving the nation's health and well-being

In communities across the nation, the Y is a leading voice on health and well-being. With a mission centered on balance, the Y brings families closer together, encourages good health and fosters connections through fitness, sports, fun and shared interests. As a result, millions of youth, adults, and families are receiving the support, guidance and resources needed to achieve greater health and well-being for their spirit, mind, and body.

Social Responsibility: Giving back and providing support to our neighbors

The Y listens and responds to our communities' most critical social needs. Whether developing skills or emotional well-being through education and training, welcoming and

connecting diverse populations through global services, or preventing chronic disease and building healthier communities through collaborations with policymakers, the Y fosters the care and respect all people need and deserve. Through the Y, thousands of volunteers, donors, leaders, and partners across the country are empowering millions of people in the U.S. and around the world to be healthy, confident, connected, and secure.

4. The Y Values

Our core values unite us as a movement with a common cause. They are the shared beliefs and essential principles that guide our behavior, interactions with each other and decision-making.

Caring: Show a sincere concern for others

Honesty: Be truthful in what you say and do

Respect: Follow the golden rule

Responsibility: Be accountable for your promises and actions
